TERMS AND CONDITIONS

1. A very high standard of workmanship and speedy execution is expected for this work.
2. The time is the essence of this contract and the work shall be completed within **7 days** from the date of work acceptance of quotation.
3. All materials before being incorporated in the work shall be inspected and approved by the Owner /Authorities. Any work on which such materials are used without prior inspection and without approval is liable to be considered as objective and not acceptable.
4. The contractor has to provide all materials for the execution. The owners do not take responsibility for the supply material except a door shutter. The rate quoted shall be including all costs.
5. The Institute has already made electrical supply and water facility at many locations in the Campus. The contractor can use this facility by making further extensions, if required, at his own arrangements.
6. The works shall be measured in accordance to relevant IS codes not withstanding any general or local custom, except where otherwise specifically described or prescribed in the contract.
7. The payment will be made after taking measurement of the successfully completed the work and based on a bill prepared by the Engineer.
8. The quantities given in the schedule are reasonably correct. However, the contractor is expected to check the measurements at site with reference to the existing hall, before starting the works and is bound to supply and carry out the work as per the actual measurements.
9. All accessories and screws visible outside shall also be of the same colour as the frames.
10. All the items of the work are to be executed as per relevant I.S specification.
11. In the case of items in which the prior approval is required as regards the colour/ make of materials, the contractor shall ensure that these approvals are obtained from them sufficiently early so that no delay will occur in the execution of such works.

I/We have carefully read the above said special conditions and shall comply with the same.
